

# WELCOME, WE CURRENTLY HAVE LIMITED VISITATION

Meadow Ridge Senior Living is currently permitted to allow limited visitors into our building.

For safety reasons, Meadow Ridge Senior Living limits the number of visitors in the building at any one point in time, the length of visits, the number of visitors per resident, and locations where visits are permitted to occur.

If you are interested in visiting, please contact the Front Desk at 763.762.7300 to schedule an appointment, learn about the health screening we are required to conduct, acceptable visitation locations, and personal protective equipment requirements.

If you already have an appointment, please enter with a face mask on and proceed to our check-in and screening area at the Front Desk. Meadow Ridge Senior Living will also be happy to facilitate alternative outdoor visits, window visits, or virtual electronic visits. Contact the Front Desk at 763.762.7300 to schedule such a visit.

Meadow Ridge Senior Living verifies and updates our visitation requirements on a weekly basis. Indoor visitation is based on the prevalence of COVID-19 in Ramsey County, any COVID case in Meadow Ridge Senior Living, if COVID-19 outbreak testing is currently being conducted in the facility, and other reasonable clinical or safety concerns.

Meadow Ridge Senior Living is following the visitation requirements mandated by the Minnesota Department of Health.
